20064	LIVEMULCH LOW PH (ECOCERT)	90 YARDS	\$ 29.65		35-45 YARDS	20 YARDS	\$ 31.65

**CALCULATION FOR HOW MUCH BULK PRODUCT YOU REQUIRE (SOIL/MULCHES)
BULK PRODUCT COVERAGE CHART - BASED ON 1(ONE) CUBIC YARD**

PRODUCT	MINIMUM DEPTH	APPROXIMATE COVERAGE		PRODUCT	MINIMUM DEPTH	APPROXIMATE COVERAGE
SOILS	1" (2.5CM)	324 ft ² (30 m ²)		MULCH	3" (7.6CM)	100 ft ² (9 m ²)

IN ORDER TO CALCULATE HOW MANY CUBIC YARDS OF SOIL YOU REQUIRE, USE THE FOLLOWING FORMULA

LENGTH (FT.) X WIDTH (FT.) X DEPTH (INCHES) ÷ 12 ÷ 27
EXAMPLE: 18 FT. X 36 FT. X 3 INCHES ÷ 12 ÷ 27 = 6 CUBIC YARDS
